

a nurses story life pdf

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...

Nurses are innovative and flexible when faced with a challenge. While AACN is exploring large-scale and collaborative staffing transformations, we know you are innovating at the unit level to find new ways to approach nurse staffing.

Staffing in Acute & Critical Care - AACN

OVERVIEW. The overall goal for the Quality and Safety Education for Nurses (QSEN) project is to meet the challenge of preparing future nurses who will have the knowledge, skills and attitudes (KSAs) necessary to continuously improve the quality and safety of the healthcare systems within which they work.
