A First Course in Linear Algebra is an introductory textbook designed for university sophomores and juniors. Typically such a student will have taken calculus, but this is not a prerequisite. The book begins with systems of linear equations, then covers matrix algebra, before taking up finite-dimensional vector spaces in full generality.

In finance, a short sale (also known as a short, shorting, or going short) is the sale of an asset (securities or other financial instrument) that the seller does not own. The seller effects such a sale by borrowing the asset in order to deliver it to the buyer. Subsequently, the resulting short position is "covered" when the seller repurchases the asset in a market transaction and delivers the ...
