

biblical demonology pdf

Demonology is the study of demons or beliefs about demons, especially the methods used to summon and control them. The original sense of "demon", from the time of Homer onward, was a benevolent being, but in English the name now holds connotations of malevolence. (To keep the distinction, when referring to the word in its original Greek meaning, English may use the spelling "Daemon" or "Daimon".)

Demonology - Wikipedia

Christian demonology is the study of demons from a Christian point of view. It is primarily based on the Bible (Old and New Testaments), the exegesis of these scriptures, the scriptures of early Christian philosophers, hermits and the associated traditions and legends incorporated from other beliefs.
