WHATS IN THE PROGRAM Overview Blockstrap workshops usually last 6-8 hours and are split over two courses. The first course is a general introduction to blockchain technology (approx. 4-

A Complete Beginners Guide to Blockchain Technology

A blockchain, originally block chain, is a growing list of records, called blocks, which are linked using cryptography. Each block contains a cryptographic hash of the previous block, a timestamp, and transaction data (generally represented as a merkle tree root hash).. By design, a blockchain is resistant to modification of the data. It is "an open, distributed ledger that can record ...

Editorial Better than "digital disruption" here's a real business transformation program for oil and gas Circular Energy BV has a cunning scheme to a) produce stranded gas, b) sequester CO 2 and c) balance intermittent electricity loads from offshore windfarms.. A popular notion that is often used to justify the "disruption" of digitalization is that digits will enable new ...
