It's Overton Window Moving Time Right NOW. All the candidates on the left will have a health care position. Our job is to keep talking about the need for Universal Health care. The insurance industry and drug companies will be backing trucks of cash to the doors of former democratic politicians to help that message get out.. The pundits will set up what is a "reasonable" policy on health ...

Spocko's Brain

1. Introduction. Brain Computer Interface (BCI) technology is a powerful communication tool between users

and systems. It does not require any external devices or muscle intervention to issue commands and complete the interaction. The research community has initially developed BCIs with biomedical applications in mind, leading to the generation of assistive devices.
